

TTid is a leading supplier of electronic test and measurement equipment. We represent many market leading test & measurement companies including Rohde & Schwarz, ITECH, Chroma, Fluke and Ametek. Our customer base is extensive covering all sections of design, manufacture, service, and education.

REGIONAL FIELD SALES ENGINEER (Eastern Region)

The role involves promoting the full portfolio of products available from TTid and assisting customers in selecting suitable products for their application. You will work as part of a team of Field Sales Engineers under the guidance of a Sales Director with technical support provided by the Sales Office. Specific product training will be provided.

Applicants should be self-motivated, enthusiastic, and able to demonstrate our products. This position would suit a person with an electronics background seeking a career change or an existing Sales Engineer wishing to change companies. The position is commissioned and very much target driven therefore a strong commercial understanding is also required.

Please call our Sales Director Gary Crowther on 07770 898803 for further information, or send a current CV with your application to gary.crowther@ttid.co.uk
